

Join Us For Coffee & Conversation

Dear Eudora Retired Staff;

We are sending this letter to you as part of our outreach to reconnect with former employees of the Eudora School District.

As current members of the Eudora Schools Foundation -- and as relatively recent retirees ourselves -- Don Grosdidier and I are especially interested in helping to create a stronger sense of community among people who spent a great deal of their working life in the service of the Eudora School District.

And that is why we are reaching out to you with this invitation. We would like you to join us for our very first **"Old School Coffee and Conversation"** event.

Of course, we know that small groups of former Eudora employees regularly gather together in friendship, and we know that various retirees maintain some contact with the district, but we are hoping to draw some of that momentum together into a larger group experience. We hope that we can provide a chance for people to reminisce and laugh, to reconnect and reflect, while also catching a glimpse of the exciting new developments in the school district.

Please consider responding with your RSVP.

If you have any questions, please contact Shanda Hurla, executive director of the Eudora School Foundation at shandahurla@eudoraschools.org.

On behalf of the Eudora Schools Foundation, we sincerely hope that you will set aside your morning to reconnect with colleagues and friends at Eudora Schools.

Sincerely,

Matt Bova
EHS Teacher
1989-2016
